Appl. No.: 10/565,366  
Filed: January 23, 2006  
Title: **Process for the Hydrogenation of  
Aromatic Compounds**  
Inventor(s): Hartung, *et al.*  
Atty. Dkt.: 7601/84486

Dear Sir:

The following documents are being forwarded herewith for appropriate action by the U.S. Patent and Trademark Office:

1. Amendment and Response Under 37 C.F.R. §1.111 (10 pages);
2. Supplemental Application Data Sheet (4 pages);

The form used for the Application Data Sheet submitted herewith is different from the one submitted originally. Because of this, there may be some information that is included in a somewhat different way. The heading on the first Table of related application information originally had the heading "Domestic Priority," and is now "Domestic Benefit/National Stage Information." Text deleted from the initially filed Application Data Sheet is struck through and added text is underlined. Entry of the Supplemental Data Sheet is respectfully requested.

Applicants do not believe that any fee is due for the filing of the present documents. Nevertheless, the Director is hereby authorized to charge any fee deficiency for this filing, or credit any overpayment, to our Deposit Account No. 50-4056 under Order No. 7601/84486.

Very truly yours,
